Old Business ~

- Luminaria - when/who?
  - Still the girl scout troop?
  - We should repost again to see who wants it
  - Watts-Hillendale Night of Lights is December 16\textsuperscript{th} and we usually do it the same night.

- Nominations Committee, Board candidates
  - We need a two-year vice president
  - We need a 2019 nominations committee

- Annual Meeting planning
  - January 23\textsuperscript{rd} will be the annual board meeting at 7:00

New Business ~

- Heather Chambers (on Markham) asked if TPNA would consider purchasing a couple barricades for us with block parties, etc. Between asking and Marc responding she bought a set for $250 and is storing them in her shed. If TPNA would like to cover the cost, she will make them available for all neighborhood activities and continue storing them.
  - Motion to buy them was forwarded and seconded and approved unanimously (Don Ball had left)

- Erik Landfried raised the question of closing streets for Halloween (mail forwarded to Board) - He can find out more what the Watts-Hillendale experience has been with this
  - The board agreed that we should investigate the issue and then discuss it with the neighbors directly affected (as opposed to the entire community).
  - Since they do this in Northgate Park and Watts-Hillendale, we will also talk with them about how they go about doing it.
Northgate Mall - neighbors expressing interest in getting involved include Beverly Tucker, Janice McCarthy, Mary Molina, Janene Tompkins, Bunmi Matory, and Beth Emerson. Janene is on the board of one of the current tenants.

- There are different parcels (Duke Medical owns the old Macy’s). Northwood Investors (?) A New York company has bought promissory notes for the other parcels. Can we get them to come in and talk to us? Are they even at that stage?
